

# LONG TERM STORAGE SERIES

Offering premium protection against long term UV and weather exposure

Removability

Solvent Resistance

UV Resistance

Waterproof

Designed for long term clean removal, with no damage to the surface material or residue, Nichigo G-tape™ is the premiere choice for preservation and storage applications.

## Features

- Hand tearable. No tools needed
- Easily repositionable. No wrinkles and good finishing
- Residue free removal even after 6 months
- Highly weather-resistant and waterproof
- All-weather (-20°F to 200°F | -29°C to 93°C)
- High tensile strength

Nichigo G-Tape™ maintained its adhesion, withstanding UV exposure of the equivalent of 2 years in Florida when compared to leading competitors.

### Nichigo G-tape™

After 2 years

Clean removal

### Competitor

Lost adhesion before 2 years

## 1008SW

Premium preservation sealing tape.

### Size

2" x 164'
